

NOHA REGULATION NUMBER SEVEN – as of MAY 2011

AFFILIATION

Purpose: To provide an opportunity for higher division or category teams to dress the maximum number of players allowable for a game in accordance with the Playing Rules.

- R.7.1. Affiliation regulations and procedures shall be in accordance with the provisions in HC Regulation E.
- R.7.2. Affiliation options are as indicated below for each category. Each Association/Club must declare its affiliation option no later than October 15th of the playing season. Such declaration shall be completed by the official signing officers in writing and forwarded to the NOHA Office and available to the OHF upon request. The NOHA Affiliation Declaration form must be used.
- R.7.3. Geographic subdivisions, for the purpose of this Regulation, shall be determined by the NOHA Board of Directors.
- R.7.4. Teams must have a NOHA Player Affiliation Record form duly completed and signed by the Referee for each game this player participates in. Teams must also have a copy of the teams approved Affiliation Declaration.
- R.7.5. A player of a team of a lower division and the same or lower category of the same club, or of an affiliated team, or a specially affiliated player, may play for a team or teams of higher divisions and categories at any time, but if he plays more than five (5) league and/or playoff games after January 10th with a team or teams in any higher divisions or categories, he shall not be allowed to compete any further in the division or category for which he is registered in the same season. Should a player play more than five (5) games with a team or teams in still higher divisions and categories, than he shall accordingly disqualify himself from playing any further in lower divisions and categories. Exhibition and/or tournament games, which are not part of regular league games or playoff games, are excluded from the number of games.

NOTE: Teams using affiliated players are not responsible for the information on the affiliated players' HCR record if the team using an affiliated player and the player has been approved electronically on the HCR. If for any reason a player is found to be ineligible after being approved and registered by the NOHA, the team the player is registered with will be held responsible. If a team uses this player as an affiliate player, this team cannot be held responsible and points cannot be taken away from them for using this player while he was on an approved HCR roster.

The player will remain with the team on which he played the sixth game. Also, this player will always be designated as an affiliated player "AP" for the balance of the season.

NOTE: The NOHA Tournament of Champions are considered play-offs and therefore count towards the six (6) game total.

- R.7.6. Appearance of a registered player's name on the official game report of a game shall be considered participation in the game except in the case of an alternate goalkeeper, in which case actual participation only shall be considered as taking part in the game, and such participation shall be specially noted on the official game report.
- R.7.7. A player who is granted an appeal to register in Minor Hockey in a Branch other than their home Branch or country, is ineligible to advance to a team of a higher division or category as an affiliate player.
- R.7.8. Affiliated players used by a higher division/category team in a game, shall be designated on the official game report by the use of the symbol "AP" after their name on the players line-up or roster.
- R.7.9. In any team affiliation, the player must have permission from the coach or manager of the team they are registered with before the affiliated player can participate in any game or practice. Failure to receive permission may result in the suspension of the Coach.
- R.7.10. An NOHA Senior A team may neither have a Major Junior team as an affiliate nor use players from a club team in the Major Junior category. A Junior A team located in the NOHA area may have an affiliated Junior team situated only within the NOHA area.
- R.7.11. A Junior A team within the NOHA area may affiliate with a Junior B team situated anywhere within the NOHA.
- R.7.12. Players from a lower category affiliated team advancing to the higher category team are not required to electronically register in the HCR with the team of the higher category but remain members of the lower category team. Such players are not numbered among the higher category team's list of registered players. (paragraph also listed under R.4.38).
- R.7.13. Teams have the following affiliation options:
Club System - HC Regulation E.9(c) shall govern this affiliation. The determining factor for Club Affiliation shall be common signing officers for the purpose of registration and releases.
 Within a Club System, affiliate players must be:

 Players and teams that are part of a declared Club System shall not be eligible to affiliate to another team through a Team-to-Team affiliation or Specially Affiliated Player list. The NOHA Affiliation Declaration Form must be used to file this type of affiliation.

These players may not be on more than one Specially Affiliated Player List.

The final list of players must be forwarded to the NOHA office by January 15th or earlier of the playing season. The Affiliation at Large List must be completed in full with written consent (signing officers) from both teams involved in the affiliation. All players used as Specially Affiliated Players must be listed on the NOHA Affiliation at Large List and approved by the NOHA Executive Director before competing as an affiliated player. Once listed as a Specially Affiliated Player, a player may not be dropped from the list during the current season and replaced unless the team with which he signed his CHA Registration Certificate releases him on or before January 10th. The NOHA Affiliation at Large List must be used to register this type of affiliation.
