

Chevrolet Safe & Fun Hockey - A Parent's Approach

The Chevrolet Safe & Fun Hockey Program is part of a healthy foundation to a future in Canadian Hockey!

It is a hockey program designed to educate parents on respect and responsibility within the game, while introducing players to some basic skills and concepts during fun on and off ice drills and games. It enables all participants to become contributing members of the hockey family, develop a good value system, and experience a sense of personal responsibility. These goals are achieved in an atmosphere of respect, responsibility, but most of all – fun!

Just as the future of hockey in Canada lies with our youth, the future of our youth lies in the hands of hockey parents. Chevrolet and Hockey Canada understand the important part parents play in helping beginning hockey players to develop respectful attitudes. By helping to educate parents, it is the hope of Chevrolet and Hockey Canada that each parent may become a Safe & Fun ambassador for the greatest game in the world!

For the 2004 / 2005 season, each Minor Hockey Association in Canada will have the opportunity to put on their own parent clinic to help kick off the season. They can do this by obtaining their own Chevrolet Safe & Fun Hockey "Parent's Approach" seminar kit from their Branch Office, Hockey Canada or directly from Chevrolet.

This kit comes with a Chevrolet Safe & Fun Hockey presentation overheads and Chevrolet Safe & Fun Hockey "Parent's Approach" manuals for each of the parents participating in the seminar.

This seminar can be put on by someone in your local Minor Hockey Association, such as a Branch / Hockey Canada Course Conductor, Minor Hockey Executive Member, or even a local teacher. The Chevrolet Safe & Fun Hockey "Parent's Approach" Seminar Kit can even be used by coaches and team managers during their team / parents meeting at the start of the year.

Chevrolet Safe and Fun Hockey

Chevrolet and Hockey Canada make administrating your Parent's Approach seminar easy!

The overall success of the program relies on the leadership from each individual Minor Hockey Association in Canada. To assist with this leadership Hockey Canada has created the resources to assist in the implementation of the program.

These resources include:

- 1) A Chevrolet Safe & Fun Hockey "Parent's Approach" Seminar Kit, including:
 - Instructor Presentation overheads
- 2) Parent Manual

To obtain your **FREE** Chevrolet Safe & Fun Hockey "Parent's Approach" seminar kit and manuals, please contact one of the following options:
